MP TARGETED IN ELECTION ROW

BASINGSTOKE MP Maria Miller has become the victim of an extraordinary attack from one of her opponents at the general election.

Dr Omar Selim accused the Conservative politician of thinking "she's a celebrity" and called for her to "do everyone a favour and just step down".

The former independent candidate also claimed that last May's vote was "fixed" in favour of the Conservatives – alleging that his name had not featured on several ballot papers.

Mrs Miller comfortably managed to win the Basingstoke seat by more than 11,000 votes, despite the publicity that surrounded her resignation as a minister the year before over her expenses.

And after starting an online campaign to have the Basingstoke election re-run, Dr Selim questioned how Mrs Miller was able to win by such a margin.

He said: "It doesn't make sense because so many people didn't want her before the election.

"It's clear to me that the election was fixed – how else can you

explain how they turned out?

"She thinks she's some kind of celebrity, but she's not.

"To me, it's clear that the people don't want her, and so she should do everyone a favour and just step down."

Mrs Miller chose not to respond to the comments about her when approached by the Observer, although she did label Dr Selim's words on the election system as "very serious allegations".

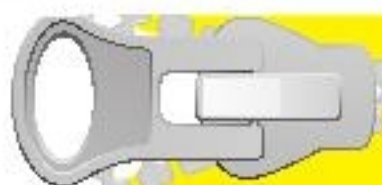

Dr Selim, of Old Basing, managed to claim 392 votes from the Basingstoke ballot, having chosen not to attend the results night on May 7.

And the 73-year-old admitted that his low tally had played a part in his decision to launch his online petition, which has so far received over 5,000 signatures of support from dissatisfied voters.

Council to discuss homeless funding

THE deputy leader of Basingstoke and Deane's council has backed a new pilot scheme to tackle homelessness and avoid having to "pick up the pieces of people's lives".

Terri Reid has given her support to a proposal for the borough to stand alone from the county council in independently funding services for vulnerable people.

It will be discussed by the borough council at a meeting on Monday.

Hampshire County Council's Supporting People programme is set to have its funding for the area slashed in half from next April, with the council proposing to instead receive a direct grant of £746,468 to fund support services.

An agreement would include options to save The Joshua Tree - short-term accommodation for vulnerable families - and May Place homeless hostel, which would be threatened by the cuts - something Cllr Terri Reid was quick to rule out.

She said: "If we do nothing, the cuts of the Supporting People programme will impact on our most vulnerable residents,

meaning a rise in homelessness.

"This will have a huge impact on our work to tackle homelessness and leave us picking up the pieces of people's lives when they are in crisis."

Alongside the grant from the county council, the new proposal would also see Basingstoke's council use £100,000 of its own budget to fund and deliver joined-up housing support services with housing associations, charities, voluntary groups, other public sector agencies and local businesses.

The Supporting People programme has helped a range of vulnerable people stay in their own homes or move toward independent living, through developing life skills such as budgeting.

Cllr Reid added: "We have been looking at new and innovative ways to deliver homeless support to these people in the most critical need, against the background of continuing reductions in budget."

Candidate questions election result

• From front page

He added: "There was no point me going to election night because I already knew who was going to win.

"I'm not attacking Maria personally, I'm attacking the system - there's no real democracy in this country.

"Some people have told me that they went to vote for me and my name wasn't even on the ballot paper - what can I do when that happens?"

Tory candidate Mrs Miller also beat Labour's Paul Har-

vey, Ukip's Alan Stone and Liberal Democrat Janice Spalding during the vote, with Basingstoke and Deane Borough Council denying that any wrongdoing had taken place.

Acting returning officer Karen Brimacombe said: "At no time leading up to the election or after it has Dr Selim or anyone else raised any concerns with myself or the council about this matter.

"The election was conducted in line with the correct procedures set upon us by legislation and the electoral commission and we can confirm Dr Selim's name was on the ballot papers."

BASINGSTOKE: Work to rebuild Basingstoke Fire Station will now start in November this year, it has been announced.

A starting date for work on the new £5million station in West Ham Close had been set out for this summer, but will now be pushed back.

The station will become the biggest one of its kind in Hampshire, and will see the existing one demolished as part of the project.

A new training tower with a link to a larger smoke training building will be built, while the new garage will be able to contain 10 vehicles.

Dance charity

BASINGSTOKE: An evening of song and dance will take place later this month in memory of Basingstoke youngster Jayden Wilson.

Pupils from Chandelle Stage School in Winklebury will be performing songs from famous musicals during the night at The Haymarket theatre in aid of Naomi House children's hospice in Sutton Scotney.

Five-year-old Jayden passed away from a brain tumour last Christmas Eve, with his dad Mike embarking on a series of fundraisers ever since as part of the Hope From Jayden campaign.

The show will take place from 6pm on Sunday, July 26, with tickets priced at £14.50 per person.

Deep-sea rescue saves Captain Ketch

CAPTAIN Ketch's Indian Ocean adventure nearly ended in disaster last Wednesday after a head injury to his rowing partner put an end to his world record dream.

Basingstoke's James Ketchell and partner in crime Ashley Wilson had to be rescued after six metre high waves forced them to abandon their quest to row from Australia to Mauritius.

Epilepsy sufferer Ashley had to be winched to safety by a passing tanker after the rough seas twice rolled the boat - causing him to hit his head and suffer suspected concussion as well as ligament damage to his shoulder.

The waves swallowed up the pair's boat during the extraction 200 miles off shore, with 33-year-old Captain Ketch revealing to the Observer that the incident was the scariest thing he had ever been through.

He said: "No matter how tough you think you are, when you've got waves that big coming right on top of you, it's a whole different story."

"When I saw Ash hit his head, I knew it was all over and we had no choice but to call for help."

"Climbing out onto that tanker was something I will never for-

get - it was like climbing a rope attached to a moving four storey building."

Mr Wilson flew home last Thursday to be with his family, while Captain Ketch is expected to return to England on Sunday.

The pair had only set off on their mission to cross the ocean in 86 days five days earlier, with the Riverdene adventurer hoping to add the record to his list of successful endurance accomplishments.

And having rowed the Atlantic, climbed Mount Everest and cycled through 20 countries in his life, the scout ambassador admitted to being gutted to have missed out on completing his latest challenge.

"It's sad that we lost the boat, but maybe it will make it to Mauritius on its own - can you imagine that," he said.

"I'm really upset for Ash because I know that he wanted this so bad."

"But I also know how lucky we are to still be alive, and I am grateful for that."

While they failed on their row-

James Ketchell (second left) and Ashley Wilson (second right) on the Dubai Charm tanker

ing quest, the publicity generated during their time in Australia did succeed in raising the profile of the duo's chosen charities the Elifor Foundation, The

Scout Association and Young Epilepsy.

Captain Ketch added: "In a bizarre way I'm really proud because although we didn't

break the record, we smashed our awareness goals out of the park."

He continued: "I'd do it all over again without question."

Centre cash boost

TADLEY: Tadley Town Council was forced to invest an extra £40,000 into a new youth centre project on Monday.

Construction began in May on a proposed two-storey building known as The Point, with unexpected problems with the foundations bumping up the overall cost to £925,000.

The new site will lie on land by the former Burnham Copse Infant School in Newchurch Road, Tadley.

148 homes plan

BASINGSTOKE: Basingstoke and Deane Borough Council has received a planning application for 148 new homes in Sherborne Fields.

The £15million development is the sixth phase of the Merton Rise housing project that has already received planning permission for 780 dwellings on the site.

The application for the site in Trinity Wat was received on June 19 from developers Persimmon Homes Thames Valley.

A spokesman said: "This development represents a long-term investment project providing much needed housing in the area."

School places

HAMPSHIRE: Hampshire County Council has announced nearly 5,000 school places will be created over the next three years from school expansion projects across the county.

A total of £93m will be spent, which will see 945 spaces created in the next year.

Aldworth School wins marketing tournament

PUPILS from a Basingstoke school picked up first place in a 'Dragons Den' style business challenge last Thursday.

Around 60 students from different secondary schools across the borough competed in a marketing campaign set in a 'real life' scenario.

The Skillstree Business challenge at Basingstoke's Queen Mary's College tasked the candidates with designing the best campaign to improve the profile of sponsors Atomic Weapons Establishment (AWE) with young people.

Aldworth School in Western Way

impressed the judges with their presentation to emerge victorious in the competition.

Lead teacher of computing Jody Greene said: "I'm extremely proud of the Aldworth students who took part and won the challenge."

"The quality of the work they produced was fantastic and we will look to hold similar events at our school in future."

The South Ham school competed against students from Bishop Chaloner Catholic Secondary School, Everest Community Academy and The Costello School during the one-

day competition.

AWE corporate communications manager Linsey White said: "All the students who took part really impressed the judges with their creative and thoughtful approach to the task."

"The Skillstree Business Challenge is a brilliant way of encouraging young people to develop the necessary skills, building confidence to prepare them for working life."

She added: "Many congratulations to the winning team from Aldworth School who produced an outstanding result."

350 jobs to be created by new shop

ALONG-ANTICIPATED new superstore set to open in Basingstoke later this autumn will create over 350 jobs.

The John Lewis Partnership has invested £6million into the area to create a 65,000 sq ft store at Basing View that will see John Lewis at Home and Waitrose Basingstoke unite under one roof.

A mass appeal has now been sent out to members of the public in need of a job to come forward, with a large amount of full-time and part-time positions at the retailer up for grabs.

The John Lewis Partnership has worked closely with Basingstoke JobCentre Plus as part of the initiative to encourage more local people into work, with Waitrose director of development Nigel Keen voicing his excitement at the move.

He said: "The regeneration of Basing View has a key role to play in creating new employment opportunities for local people and we are looking forward to being part of that through investment in training and helping to develop careers."

"We pride ourselves on ensuring our shops have a local identity and that starts with the staff we employ."

The new store will represent only the third co-located development in the history of the Partnership and would be the largest "at home" to date.

£25m wind farm appeal is dropped

By **Christian Wilson**

christian@observergroup.co.uk

AN APPEAL to build a £25million wind farm in Bullington Cross has been dropped following a recent government decision to cancel new onshore wind farms.

The 14-turbine development is among approximately 250 other proposed sites across the country now expected to be cancelled due to a cut in subsidies announced by energy secretary Amber Rudd.

A 16-day public enquiry headed by a government planning inspector was due to take place on October 13 over the planning application for the wind farm in Sutton Scotney, which would have seen four turbines fall within Basingstoke and Deane.

The application from EDF Energy Renewables was rejected last year over deemed negative effects to air traffic and the wildlife - with the company labelling the site as an "excellent location" during the appeal.

In a statement EDF said: "After reviewing the scheme in the light of recent government announcements on onshore wind, the company has told the

• An example of one of the turbines originally proposed for the site at land west of Basingstoke.

government's planning inspectorate that it will not be proceeding with the appeal hearing scheduled for later this year."

Basingstoke and Deane Borough Council members were expected to voice their disapproval over the site at a development and control committee meeting tonight, having previously rejected the previous application.

Nearly 3,000 people signed a petition created by environmental group Hampshire Renewable Energy Co-operative (HREC) to approve the application last

year, with the group's chair Andrew Thompson labelling the announcement as "a great shame".

He said: "The EDF Energy Renewables decision does not really come as a surprise."

"But it is a great shame that we as a nation have decided to no longer support one of the cleanest and most efficient ways of renewably producing electricity."

"We hope to be able to get local investment into community solar farms in the very near future."

As well as the four turbines in

Basingstoke and Deane, seven would have fallen within Winchester and three more inside Test Valley.

HREC director Martin Heath added: "We had over 2,800 supporters for the Bullington Cross wind farm, which is an unprecedented level of support for any pre-planning wind farm in the UK."

"The recent Government announcement withdrawing support for on-shore wind farms flies in the face of what a very large number of the people of Hampshire wanted."

OCT will give accurate diagnosis:

- AMD
- Diabetic Maculopathy
- Macular Hole

- Early detection of Glaucoma

*It is estimated that approximately 2% of people over the age of 40 will have Glaucoma.

*Statistics obtained from The International Glaucoma Association.

What is an OCT scan?

This practice has invested in the very latest OCT scanning technology.

An Optical Coherence Tomography (OCT) scan is a unique test which uses near-infrared light reflected off the retina to produce a high resolution 3-Dimensional scan of the retina and associated structures.

It is particularly useful in the assessment of patients with AMD, Diabetic Maculopathy, early detection of Glaucoma and the management of these diseases. The test is non invasive, quick and entirely painless.

Am I at risk of Glaucoma?

Are you over 40?
Do you have a family history of Glaucoma?
Are you short sighted?
Do you have diabetes?
Are you of African-Caribbean origin?

If the answer is yes to any of these questions, then you are at an increased risk and should definitely have your eyes tested regularly.*

Why has this practice invested in OCT?

We believe this advanced imagery allows us to detect and monitor early stages of diseases and as this examination is not available under the NHS, we make an additional charge for this scan. Please ask for further details.

Volunteer service gets £150,000 boost

BASINGSTOKE'S most vulnerable people are set to benefit after a hospital volunteer service was handed a government cash boost.

Hampshire Hospitals NHS Foundation Trust (HHFT) has been awarded £150,000 to carry on its Befriending Service to provide companionship to those with life-limiting illnesses.

Volunteers give their own time to visit patients from Basingstoke and North Hampshire Hospital in their own homes, in a bid to stop them from feeling isolated and lonely.

The trust is one of only a few in the country to have been handed the funding to provide such care, with HHFT's clinical director of cancer services Lara Alloway expressing her delight at the move.

Dr Alloway said: "Experience shows that Befrienders provide an invaluable addition to our hospital and community services, by improving the confidence and wellbeing of patients."

"I am delighted that local people will be able to benefit from this informal support from their own homes."

Befrienders volunteers are asked to commit to visiting patients for two hours a week and are provided with the relevant training and ongoing support themselves.

Basingstoke Live hits the right notes

By Christian Wilson

christian@observergroup.co.uk

OVER 30,000 people filled War Memorial Park last weekend for Basingstoke Live as the area's festival programme was brought to a spectacular end.

Fans of indie, drum 'n' bass, reggae and hip-hop were all in attendance for the free music concert – which covered a series of different genres across its five stages.

Among the big names performing at the showpiece was Brighton-based electronic rock group The Qemists, who got the crowds going with their up-tempo drum 'n' bass sound on the Main Stage on Saturday night.

Arguably the biggest act in attendance though was legendary British rock group Mungo Jerry, who brought the curtain down on the event on Sunday with their '70s smash hit 'In the Summertime'.

As well as well-known acts, the Basingstoke and Deane Borough Council-organised weekend also showcased a wide mix of local talent – something councillor Cathy Osselton was quick to praise.

The portfolio holder for partnerships said: "What a fantastic way to showcase the best in local music talent alongside national and international performers."

"The Basingstoke Festival and Basingstoke Live relies heavily on the support of local people coming together to show off some of the real talent we have here in Basingstoke – both events are a real testament to this and we should all be very proud."

Over 100 different events have taken place across Basingstoke and Deane since the launch of the festival in June 19.

Basingstoke Live undoubtedly provided the biggest show of the summer however, with the Amped Stage, Sunrise Stage, Unplgd! Stage and the Creative Stage featuring a mixture of hip-hop, grime, drum 'n' bass, reggae, soul and funk artists.

Cllr Osselton added: "Once again thousands of people turned out to support this popular event."

"I was there on both days and thoroughly enjoyed it all – it was the perfect way to round off what has been a hugely successful Basingstoke Festival and I congratulate everyone who performed and helped in the organisation."

• Thousands of people were attracted to Basingstoke Live throughout the weekend across the five different stages

• The Network Band performing on the Main Stage

SWAG meeting

BASINGSTOKE: Basingstoke MP Maria Miller met with members of the South West Action Group on Tuesday, July 7 at the House of Commons to discuss the changes to the local plan - the housing blueprint for the borough.

Members Geoff Burnes, Julian Jones and Stafford Napier voiced their concerns over the rise in the number of homes built annually in the area from 748 to 850.

Mrs Miller said: "SWAG gave me a very useful debrief on the public meeting they held in June, which was very well attended."

"We agreed that there needs to be transparency about the funding for all the new infrastructure required."

A government inspector will examine the plan from October 5, before making a final decision on November 23.

Council meeting

BASINGSTOKE AND DEANE: Basingstoke and Deane Borough Council will meet tomorrow evening.

The full council meeting will start at 6.30pm and is expected to last until 9.30pm at the council's offices in London Road.

Hook houses

HOOK: Basingstoke and Deane Borough Council has given the green light for a 48-house site to be built in Hook.

The council approved an application for the build on land off Hop Garden Road on Friday, July 3.

Macy meets her sailing hero Ellen

By Christian Wilson

christian@observergroup.co.uk

A CANCER-SURVIVING teenager from South Ham was given the chance to sail alongside one of her heroes last month at a boat race around the Isle of Wight.

Sailing enthusiast Macy Boyling grabbed the headlines in 2008 when she bravely beat the disease after being diagnosed with Acute Lymphoblastic Leukaemia two years earlier at the age of six.

Now 15 years old, the Aldworth School pupil fulfilled a childhood dream on June 27 by sharing a deck with former world record holding sailor Dame Ellen MacArthur during the famed Round the Island Race.

She said: "I chose to do Round the Island because I just love the atmosphere of being on a boat and I just find it so peaceful and it makes me feel free."

Macy took part in the 50-mile yacht race as part of a team of four other teenagers from the Ellen MacArthur Cancer Trust.

And having sailed with the trust on two previous occasions before, the youngster was quick to praise the charity for

• Macy Boyling (right) meets her sailing hero Ellen MacArthur

its impact on her life since her recovery.

She said: "The trust has just really helped me build my confidence because during treatment I didn't learn the social skills with friends."

"Being around people again it made me go back into school and enabled me to interact more with

others and feel a lot more comfortable and confident around them."

"It was really nice to get to talk to Ellen and find out why she set up the trust and what it actually means to her."

The cancer trust was launched in 2003 with the aim of using sailing as a way to help give young

people in recovery from cancer the chance to rebuild their confidence.

Dame Ellen said: "The mental and social fall-out from cancer can be just as devastating as the physical illness."

"Everything we do is about building confidence, self-esteem and having fun together."

Students inspired at tech events

YOUNGSTERS from a Basingstoke school went up against pupils from across the region for an engineering challenge last Wednesday.

A team of budding scientists from the Vyne Community School in Vyne Road put their design and engineering skills to the test to complete a series of challenges at the AWE Schools Engineering Challenge at the Aldermaston Recreational Centre.

The year 10s designed and built a gravity car from a kit and materials provided as part of the event, with Newbury-based Park House school coming out on top against the teams from Hampshire and Berkshire.

Nearly 150 sixth-form students from Queen Mary's College (QMC) in Basingstoke also attended AWE's Science, Technology, Engineering and Mathematics (STEM) event on Thursday, July 2.

Pupils were split into groups over six sessions during the course of the day, where there were demos on 3D printing, balloon-popping using lasers and a tower-building exercise.

AWE analytical scientist Dr Alison Baxter said: "The STEM day was a huge success - the students were full of energy and really embraced the whole event, asking lots of questions about what we do, what it's like to work at AWE and about apprenticeships."

West Green Fruits was established in 1997, and is a family run business of 15 acres set in farmland near Hartley Wintney. We offer an extensive range of fruit through the season.

Our fruits include:

Strawberries, Raspberries, Rhubarb, Gooseberries, Tayberries, Tummelberries Black & Redcurrants, Blackberries and Summer vegetables.

When choosing the varieties of fruit we are going to grow we try to pick those that in our opinion have the best flavour.

Whilst flavour is obviously very personal we believe we can offer fruit that is consistently sweet with lovely flavour.

Some of our varieties are those not grown for mass supply and so will only be found at PYO outlets and in gardens.

We are open from early June to late September.

Fastfit Service Centre is located at Unit One, Moniton Trading Estate in West Ham Lane.

And the independent automotive specialist is proud to be expanding in a bid to give its customers exactly what they want. "Everything your car needs is here under one roof", explained manager Byron Lewis who, like his team of experts, has spent a lifetime in the automotive industry.

He added: At Fastfit we offer hourly rates which are some of the best in Basingstoke. No job is beyond us and we are quite simply a one-stop shop and more besides. Whether it's an entire engine

overhaul or just tweaking the brakes, we will do it, and do it well."

The business is continually expanding and includes a new mobile tyre fitting and home start service. A comprehensive diagnostic service can also be provided and the business issues many dealer level tools ranging from Ford, Jaguar to Land Rover and Volkswagen.

Fastfit offers everything from MOTs and minor servicing to major repairs and complex engine work.

More complex issues include an Engine Control Unit (ECU) remapping service which makes the vehicle more

responsive and smoother to driver. In these tough time, it also slightly increases the miles-per-gallon!

Fastfit Service Centre also stocks a range of budget or performance tyres and it can also custom build stainless steel exhaust systems.

"Come and give us a try. You won't be disappointed," concluded Byron.

What our customers think

Mycar had been taken to three different repair centres which was suffering from low power none of them diagnosed the problem. I took it to these guys for a remap and full exhaust in the hopes it would fix it. It was better but Byron still thought it wasn't right so spent another couple of hours diagnosing it!

He didn't charge me extra and even finished after they should of closed. You just don't get that kind of service these days. Amazing!
Cheers, Clive Baldwin

Excellent service! Very polite and great value for money prices! I will recommend to friends and family. If you need your car repaired at the right price don't look any further.

Great service from the whole of the Fast Fit team. They know what they are talking about and are happy to help with any query.

I wanted something activated on my car that had not been done

at the factory. A dealer wanted upwards of £100 to do the job, I contacted Fast Fit and they have the same Dealer Software. Done the job quick and for a third of the price! These guys definitely know what they're talking about and I would recommend them to anyone!

Love Parks Week hits Basingstoke

A STRING of activities are set to take place across Basingstoke's parks later this month to encourage people of all ages to get out the house and enjoy the great outdoors.

CEO to walk all over domestic violence

By Christian Wilson

christian@observergroup.co.uk

A MUM-OF-FOUR from Old Basing is set to take matters into her own hands in the fight to stop domestic abuse throughout next month.

Counsellor Gerrie Jordan will cover 310 miles on foot in an attempt to visit and make a difference to the lives of every victim of violence across Hampshire.

The mammoth route is part of Basingstoke charity Taking Steps Project's mission to expand to help sufferers across the whole of the county, with charity CEO Gerrie hoping to raise £7,000 from her walk to make this happen.

Leaving from Basingstoke on August 3, the 49-year-old will visit each town in Hampshire to give talks and accept donations during her three-week trek in a bid to combat domestic abuse – a subject she labelled "Britain's best kept secret".

Gerrie said: "So many people from other areas have contacted me asking for help.

"So I thought if I can walk to them, there's nothing to stop me making a difference.

• Gerrie Jordan is aiming to visit every victim of domestic violence in Hampshire

"I know it won't be easy, and I'm no walker, but the struggle I'll face won't even come close to what these people go through every day in silence."

Taking Steps Project is a non-profit group that provides support and counselling both over the phone and face-to-face for men and women who suffer from domestic violence.

And having set the charity up

herself two years ago, Gerrie has appealed to the public to get involved and reach out to those affected in their area, while also lending their support to her unusual fundraising effort.

She said: "There was no point jumping out of a plane, because everyone does that – I knew I had to grab people's attention by doing something different.

"People who are really close to

you could be affected by domestic abuse, you just don't know because it's the country's best kept secret.

"I'm really passionate about this issue and even if my challenge only helps one or two people, it will still all be worthwhile in my eyes."

UK WATER SOFTENERS

Established 20 years

Hard water is something we are all used to in Hampshire, although most of us have got used to putting up with it, many do not realise that you can do something about it. It furs up our heating systems, causing breakdowns, makes it more expensive to heat our homes and damages our appliances. The other problem with limescale is the constant cleaning of showerheads, shower screens, stainless steel sinks, the whole house can suffer where hard water is concerned. Limescale aggravates skin problems such as eczema and psoriasis. With a water softener no limescale will get into the house, which means you will have to do less cleaning, stop buying limescale related products, cut washing powder use by up to 75% and have less chance of large bills for potential future problems with your heating system and appliance breakdowns. If you were to purchase an ordinary softener you would have quite a large machine, which requires you to set clocks and lug around a 25kg bag of salt. The

TwinTec S3 is different. It is small, requires no electricity and uses block salt (like two house bricks) instead of heavy 25kg bags. Harvey Softeners has been manufacturing softeners in this area for more than 35 years. Kevin Goody (UK Water Softeners) is one of Harveys top TwinTec dealers and was voted number two in the country last year.

Why is Kevin so successful?

He puts it down to extensive marketing, having a great plumber with over 30 years of experience installing water softeners, good customer satisfaction and recommendations. Kevin has installed 4800 water softeners in homes in this area over the last twenty years and arranges everything from initial survey to installation. Kevin Goody also welcomes trade enquiries. We also service & repair Kinetico Water Softeners.

STANDARD REFURBISHMENT FOR ALLOY WHEELS

Kerbing, chipping damage and scratches can happen easily when driving, leaving undesirable marks and damage to your alloys. Buying new alloy wheels can be expensive, so a standard painted refurbishment is a cost effective way of bringing new life and a polished look back to your wheels.

THE PROCESS

For a superb result, we start by dipping your wheels into an acid bath and bring the wheels back to the bare metal. We then clean the alloys in a Aquablast machine which ensures any residual material is removed. We then apply a three coat finish, which includes a powder coat primer to help prevent corrosion, a coat of paint and a scratch proof acrylic lacquer to help protect the wheel against the elements. This results in a high quality durable finish for your rims.

Grammy award-winning music

• Mary Chapin Carpenter

FIVE-TIME Grammy Award winning singer, songwriter and musician Mary Chapin Carpenter will be bringing the sounds of New Jersey to The Anvil this Saturday, July 18.

The 57-year-old, who is the only artist to have won four consecutive Grammy Awards for Best Female Country Vocal Performance, visits the Churchill Way venue as part of her 'A Special Acoustic Evening with Mary Chapin Carpenter' UK tour.

Mary has sold over 12million records in her career, but revealed to the Observer what she considers to be one of her greatest achievements.

"Being included into the Nashville Songwriters Hall of Fame in 2012 was absolutely one of the highlights of my career that I dearly hope is not even remotely near its end," she said.

"I feel as if the tools that I bring to my trade are in their best shape after years of honing.

"Most artists would agree that we learn more about ourselves as we get older and so that gives us wisdom and experience to usher in the best work of our lives.

"And the songs that I have been writing are not songs that I could have written in my 20s, 30s, or even my 40s, so my creative spark is bright."

By James Richings

jamesr@taylornewspapers.co.uk

After releasing her first two albums in the late '80s, it was in the 1990s where Mary blossomed into one of the greatest country artists of all time.

Nineteen of her singles during the decade peaked in the top-40 of the US Country Singles Chart, with her 1994 album 'Stones in the Road' achieving a silver certification in the UK.

"I remember picking up my mother's guitar at a very young age and teaching myself chords from songbooks lying around the house," Mary revealed.

"I don't know if there was a 'light-bulb' moment when I realised that I wanted to try and be a working musician, as it was just something I was doing to pay the bills after university, and then to my absolute amazement I got a record deal with a major label.

"And I don't believe there was a break, but rather a long and slow climb combined with a healthy work ethic."

On Saturday, Mary will be joined by long time friends Jon Carroll on piano and Jonathan Trebing on guitar.

Tickets cost £28.50, with the gig starting at 7.30pm.

The future is FatBoyZ

"I WOULD definitely say that my journey from the very beginning of starting my company FatBoyZ Dance has been the best decision I have ever made."

These are the words from entrepreneur and professional dancer Liam Dawett, as his dance company FatBoyZ Dance will be at Basingstoke's Haymarket Theatre on Sunday, July 19.

Formed by Liam back in November 2008, the dance company is no stranger to performing at the Wote Street venue, as this Sunday's visit will be its fifth visit there.

The group have a good following in the town after their performances at Basingstoke Live in 2011 and this year.

"My memories of that are overwhelming as FatBoyZ Dance attracted in one of the biggest crowds of 2011," said Liam.

"I feel very proud for achieving this and I was overwhelmed by the fans."

"Also, the theme to our show is

By James Richings

jamesr@taylornewspapers.co.uk

exactly what it says on the title: A View from an Artists Eye.

"Our theme is to let the art of dance take over and consume the audience with pieces that have a deeper meaning than what's on the surface, and to really get the audience to understand what was going on in the artist's mind when creating their piece."

"All the performances that will be put on by FatBoyZ Dance are for the entire family to enjoy."

After starting dancing at the age of eight before creating his own group aged 13, Liam has made no secret to show the world that dancing is his number one passion

And with a mixture of street, contemporary, ballet, classical, hip-hop and Bollywood dance moves all on

show this Sunday, audience members will be in for a treat.

However, despite forming an award-winning dance group who have performed in countries such as India, America and the United Arab Emirates, Liam revealed that he also has another love other than showing off some slick skills.

"I am an entrepreneur, so alongside of me running FatBoyZ and being an award winning choreographer, I am also a fashion designer for my clothing brand FatBoyZ Clothing UK," he said.

"I'm also a script writer, actor and director, in which I am in the process of making my feature film which is due to be shown around the world."

Classic Vauxhall motors make a comeback

BY reviving the 'Viva' name for its latest supermini, Vauxhall is proving it is in touch with its past.

But the British car manufacturer's long and illustrious history goes back much further than the 1960s family car.

The first Vauxhall car was built in 1903 in Vauxhall, south London, before the company moved two years later to its current home in Luton.

And this year Vauxhall opened its own heritage centre at its base, housing various cars from throughout the company's history.

One of the most important is a 1904 6hp single-cylinder two-seater, but this is no dusty museum piece.

This car is still used regularly and is entered for the 2015 Bonhams London to Brighton Veteran Car Run on November 1.

The car has taken part in the world's longest-running motoring event 53 times in the past.

During one of its earliest entries in 1927 it was driven by Vauxhall's then

By James Richings

managing director Percy Kidner.

And hopefully this year, the 6hp car will be joined by its 1903 5hp sister following major mechanical restoration.

The 5hp model has completed nine runs in Vauxhall's 20-year ownership.

"Vauxhall has been a regular in the run since the 1950s with either and sometimes both of our veterans," Vauxhall spokesman Denis Chick said.

"This year is particularly poignant as Vauxhall celebrates 110 years of vehicle production at its Luton plant, and 90 years of ownership by General Motors.

"We look forward to sampling the sea air yet again in 2015!"

The Bonhams London to Brighton Veteran Car Run is the pinnacle event in a week of motoring nostalgia during "London Motor Week", where a series of events are hosted by the world famous Royal Automobile Club.

Driver and Vehicle
Licensing Agency

End of the road for your vehicle?

Responsible drivers scrap their vehicles at an
Authorised Treatment Facility (ATF).

Because only an ATF can legally scrap a vehicle.

That means any pollutants will be made safe before it's recycled in an environmentally friendly way.

What's more, for certain types of vehicle you'll get a DVLA approved Certificate of Destruction (CoD). A CoD proves the ATF has told DVLA your vehicle has been scrapped and is no longer your responsibility. www.direct.gov.uk/motoring

Super Stokes can't stop Basingstoke loss

BASINGSTOKE and North Hants' ineffectiveness with the bat once again proved to be their downfall on Saturday as they were beaten at home for the third time this season.

The Bountymen failed to capitalise on another spirited bowling performance as they suffered a 21-run defeat to a Liphook and Ripsley side that were far from impressive themselves.

Mitch Stokes was superb throughout with both ball and bat as he top scored with figures of 5-33 and 59.

But the form of Stokes wasn't to be enough for the home side as they missed out on three wins on the bounce in the Southern League Division One.

Those wins over Calmore Sports and Hartley Wintney were both inspired by devastating spells of individual bowling from Matthew Thankachan and then Graham Porter.

Despite their opponent's pedigree with the ball, Liphook chose to bat first after winning the toss at May's Bounty.

And their decision was immediately vindicated as openers Chris Martin (31) and Rob Nicklin (29) turned the form tables upside down by putting on 48 for the first wicket.

Porter managed to finally break up the partnership by removing Martin before his replacement Giles Cover (51) started to cause the damage - smashing bowlers all over the ground for his half-century.

Stokes soon removed both danger men as he trapped Nicklin lbw, before then encouraging

Cover to nick one behind into the gloves of Craig Williamson. Rakitha Perera (2-50) then claimed the vital wicket of Suman Ganguly (34) just as he threatened to kick on.

But for a quick-fire 20 from Grant Rouse, Liphook's innings then began to fizzle out as Stokes struck three more times to bowl the visitors all out for 195.

Having only picked up four runs in the previous week's win over rivals Harley Wintney, opener Craig Williamson got off to an even worse start here as he was bowled for a duck on his third ball to immediately put his side on the back foot.

Captain Chris Froud (26) and Steve Bucksey (19) then failed to get going after starting promisingly to leave the Bountymen on 70-3.

Man of the match Stokes came to the crease as a result and preceded to fire seven boundaries as he raced to a superb 59 from just 72 deliveries.

The big hitter was eventually caught and bowled by Harry Munt (3-38) and any hopes of victory appeared to go with him - especially after Hunt removed Martyn James for 22.

Thankachan managed to finish on 20 not out from the bottom of the order, but it was not to be enough as Basingstoke were bowled for 174.

Next up for the Bountymen is a trip to Totton and Eling on Saturday afternoon.

Mixed fortunes

CRICKET: Hook and Newnham Basics bounced back from a shock home defeat the week before to claim a comfortable win at Rowledge on Saturday.

The six-wicket victory was inspired by a superb century from opener Jordan Hobday who hit the home side all over the park on his way to 111.

Spencer Champ once again starred with the ball as he finished with figures of 3-20 to bowl Rowledge all out for 186 and cement Hook's position in second spot in the Southern League Division One.

A win for leaders New Milton over Harley Wintney ensured Hook didn't top the table, although the home side came within a whisker of claiming a scalp after bowling their opponents all out for 176.

Opener Jack Hersh (47) put Hartley in a great position early on, but a bottom-order collapse saw them fall 15 runs short of the mark.

Town victory

FOOTBALL: Basingstoke Town warmed up for the official start of their pre-season schedule with a behind closed doors win over Beaconsfield Town on Saturday.

Goals from Manny Williams, Lloyd Macklin, Chris Flood and a brace from George Hallahan were enough to seal a comfortable 5-1 victory over the Southern League Division One Central side in an impressive display from Town.

England debut

ICE HOCKEY: Basingstoke Bison under-15 forward Emily Harris could be in line to make her England debut at a tournament in Finland next month after receiving a call up.

The 13-year-old from Odiham was the second-highest goal scorer for the Bison under-14s last season, netting 18 times in 13 games.

Bullish Bristow backs squad to improve this season

BASINGSTOKE Town manager Jason Bristow has revealed that his players are "hungry and desperate to put things right" after last season's play-off heartbreak.

The Dragons returned to action for the first time since May's loss to Whitehawk last night after the Observer went to press - hosting League 2 side

AFC Wimbledon in a pre-season friendly.

Most of the faces on show would've been familiar to the fans, after a summer in which the club managed to encourage 13 of last season's squad to resign for another year.

But despite only bringing in two new players in goalkeeper Aaron Howe and defender Will

Salmon since last season ended, Town boss Bristow was adamant that the lack of change at the Soccer AM Stadium would help the club this coming season, rather than hinder it.

He said: "It was so important that we kept the players on board because I saw how low they were after the Whitehawk game.

"They were hurting because

they let themselves down a little bit in that game, but now there's unfinished business and the players are desperate to put it right.

"On our day, we were the best team in the league last year, but we have to put it behind us and I can see that the players are hungry to go again."

Defeat in the play-off semi-

finals came after the Dragons secured third spot in the Conference South - their highest ever finish in the division.

And while he expressed his desire to kick on from this by improving the team further before the season opener against Ebbsfleet United on August 8, Bristow revealed that he was in no rush to bring new faces in

if required.

He added: "We're not finished [in the transfer market] yet, but it's about quality not quantity.

"Even if it's a few weeks into the season, we're not scared to sign players.

"But we will not bring players in just for the sake of it, they have to improve us or there is no point."

TWO POOR ROUNDS END TITLE DEFENCE

JUSTIN Rose saw his hopes of defending his Scottish Open title vanish into thin air following a shocking two days play over the weekend.

The north Hampshire golfer looked to be in prime position heading into the third round as he started Saturday in a tie for second place.

But a string of dropped shots over the final 27 holes ensured that the 34-year-old dropped out of contention completely to finish in 74th place - 12 shots behind tournament winner Rickie Fowler.

After triumphing in last year's tournament, Rose went into the warm up for tomorrow's Open at St Andrews in bullish fashion as Rory McIlroy's withdrawal from injury ensured he was the highest-ranked

player present.

And he showed glimpses of his class on Thursday at Gullane as he carded a smart four-under par 66 to leave him three strokes off the leading pace.

Even better was to follow the next day as he recovered from a bogey at the first hole to repeat his first round score to move up to second.

Rose managed to hit five birdies on the front nine during the round, while even a wayward tee-shot at the 599 yard par-five 16th that hit a fan couldn't throw him off.

All this was to change on day

three however, as the Englishman bogeyed the first again, but was this time unable to recover as four more bogeys on the back nine meant he finished the day two over par with a score of 72.

Rose had started the tournament ranked number four in the world, but by the end of play on Sunday he had fallen to eighth following a horror fourth round.

Dropped shots at the first two holes and four bogeys from five on the back nine saw the 2013 US Open winner card a six-over-par score of 76 to finish on level par overall.
